

How to read the Frames Standards Correlations

The Frames Standards Correlations include information on how you and your students can use Frames to meet your language arts and math standards. Since you can meet each standard in a variety of ways, next to each standard you will see columns for Frames Tasks and Lessons.

You can find these documents online at: <http://www.tech4learning.com/frames/integration>

Virginia Standards of Learning: Language Arts - Grades 6-8		Frames®	
Number	Standards of Learning	Frames Tasks	Frames Lessons
Grade 6			
Oral Language			
6.2	The student will listen critically and express opinions in oral presentations.		
	a) Distinguish between fact and opinion.	Students create a political commercial on a current issue or candidate.	Propaganda, Issues and More - Your Own Political Commercial
	b) Compare and contrast viewpoints.	Students create a video comparing and contrasting two cultures, political systems, or books.	
	c) Present a convincing argument.	Students create a public service announcement about a conservation issue that they feel strongly about.	Don't Let the Earth Down
Reading			
6.3	The student will read and learn the meanings of unfamiliar words and phrases.		
	a) Identify word origins, derivations, and inflections.	Students create an animation on the English words of Greek origin in context of a math word problem.	
	b) Identify analogies and figurative language.	Students create an animation on their favorite idiom and combine their creations with other students for a class project.	

Frames Tasks

The Frames Tasks are suggestions for projects that correspond to work you are already doing in the classroom. The Frames Task describes ways you can use Frames to foster student learning of this standard.

Frames Lessons

The Frames Lessons are multi-level Frames lessons that include a step-by-step process for teachers and students. There are downloadable templates and examples, direct links to relevant Frames Snacks and Recipes, and correlations to national technology and curriculum standards. You can find these lessons online at: www.recipes4success.com
