

TIE Award Nomination Questions

Please share a story of your experience with Tech4Learning tools. You might include your most successful project, a typical student response, or how the project helped connect a hard to reach learner with the curriculum.

(500-1500 words)

Submit a URL link to work you and your students have done. This work can include sample projects, training materials, lesson plans, events you have organized, and more. If samples are not online, please email them to Melinda@tech4learning.com.

How have Tech4Learning tools helped make you a more effective teacher and your students more effective learners? How has this use helped you overcome obstacles and challenges?

What have you done in the past to share Tech4Learning tools with other educators?

Describe your teaching philosophy and what sets you apart from other educators? (awards, professional recognition, unique programs, integration strategies, project ideas, etc.)
